

Year 7 - Student Review Guideline Information for Parents/Guardians

There will be two Student Reviews issued per year.

- A **Progress Review**: The progress review will include up-to-date GCSE Indicator information, plus judgements about, attitude to work, behaviour and homework. A progress grade will also be given to indicate how well your child is making progress towards their GCSE Indicator.
- An **Annual Review**: This will include information about behaviour and quality of homework, along with the current progress grade and a comment describing the approach to the subject, the quality of the work typically produced, and the steps needed to achieve improvement.
